### FEEDING DIRECTIONS

Feed 0.5 to 1.75 lbs. of 34% Beef Pellet w/ Bovatec to provide 67.5 to 236 mgs. of Lasalocid per head per day. Feed pellets with grain and roughage. Provide clean fresh drinking water at all times.

**CAUTION:** The safety of Lasalocid in unapproved species has not been established; do not allow horses or other equines access to Lasalocid as ingestion may be fatal; feeding undiluted, mixing errors or inadequate mixing (recirculation or agitation of liquid supplements) resulting in excessive concentrations of Lasalocid could be fatal to cattle.

**WARNING:** THIS FEED CONTAINS COPPER. DO NOT FEED TO SHEEP.

This product does not contain any ruminant derived protein products.
