FEEDING DIRECTIONS:

- Feed BUCK-A-ROO continuously to show bucks that are at least 3 months of age and following Purple Vision Excalibur II at a rate of 3% to 4% of body weight for added bloom and to stimulate growth rate.
- **IF** bucks have not been fed Purple Vision Excalibur II prior to using BUCK-A-ROO, start bucks at 1-2% of body weight and work up to 3-4% of body weight over a 3 week period depending on body condition desired.
- Consult a Lowe's Representative for additional feeding recommendations.

CAUTION: Do not allow horses or other equines access to formulations containing Monensin. Ingestion of Monensin by equines has been fatal. Feeding undiluted or mixing errors resulting in high concentrations of Monensin has been fatal in cattle and could be fatal in goats. Consumption by unapproved species may result in toxic reaction. Do not feed to lactating goats.

WARNING: DO NOT FEED TO SHEEP THIS PRODUCT CONTAINS COPPER.
