Lowe's Pellets & Grain Feed Mill Operator (4x10's Shift - Monday - Thursday 1 P.M - Midnight)

Lowe's Pellets & Grain, Inc. is a family owned business that started operations in 1963. The company was founded on the principles of Quality, Integrity, and Service. For 60 years adherence to these three principles has enabled Lowe's Pellets & Grain to experience significant growth and to earn the respect and loyalty of its customers. Lowe's Pellets & Grain is the largest independent Feed Manufacturer in Southeastern Indiana. Joined by more than 30 employees, split between two shifts, who manage the massive tonnage moving through the feed mill each day. Backed by top nutritionists, they pride themselves on making feeds for every need: swine, dairy, beef, goat, poultry, sheep, rabbit, equine, and more. Feeds are available in a variety of ways: bag or bulk; pelleted or meal; complete feeds, supplements, or base mixes. Custom formulas are also available. All their products are made fresh, and locally, to ensure the highest quality feed on the farm.

Physical Requirements and Work Environment:

Work involves moderate to heavy work in all types of weather. There is frequent need to stand, stoop, walk, lift heavy objects (up to 50 lbs) and perform other similar actions during the course of the workday. Lowe's Pellets & Grain promotes a drug/alcohol free work environment through the use of mandatory pre-employment physical and drug screening, as well as random drug testing.

Knowledge, Skills, and Abilities:

- Knowledge of agriculture/livestock helpful, but **NOT REQUIRED**
- Skilled in following safety practices and recognizing hazards.
- Good verbal communication skills to provide customer service in a friendly manner.
- Willingness to be trained on-site on policies and practices specific to Lowe's Pellets & Grain

Duties and Responsibilities:

Performs all tasks associated with the production of feed, including but not limited to unloading trucks (receiving bulk ingredients), monitoring inventory, weighing up hand-adds, operating the mixer, pellet mill, bagging system, setting up bins, managing warehouse space, preparing orders for shipment, providing customer service, performing routine maintenance and care on machinery, assisting other in keeping feed production running smoothly, and not afraid to get dirty.
